CLUB LADDER

The March ladder finishes on April 2.

THE BALL MACHINE is in operation again after being serviced. Unfortunately, the Oscillator (left-right swivel) function could not be repaired. All other functions are working. Please treat the machine with care. There is a plastic disc inside the ball drum which can break if one was to apply pressure. This disc permits balls going into the wheel spinners one at a time, so you don't get a machine gun effect of 4 balls being shot out simultaneously.

PGTC TOURNAMENTS

Please note the revised dates for the PGTC Deloitte Open are from May 13th through May 21st. Also, the dates for the PGTC Highland Spring Junior Open Tournament are July 24th through 30th. We are also in discussions with the sponsor to revamp the former Bacardi Seniors Tournament which is tentatively expected to run in late August/early September.... watch this space for more information.
